Southern California is full of interesting places and many of them are on RTD lines. Forest Lawn is just such a place, and should be a must on your "places to go" list. Located in Glendale on the 56 Line, it is easily reached from many RTD connecting lines throughout the system. I never thought I'd see the day that I would encourage folks to go to a cemetery.

Sunday is a special day for many people in the Southland; it's a time to worship as you please. Hundreds of churches are on RTD lines in the four-county area. The RTD system map will show the line near your church. Write me for it.

I just received the new fall and winter schedule for Disneyland and things are jumpin' all winter. Now is the time for us "grown-up kids" to kick up our heels while the youngsters are in school.

The last time I was at Disneyland during the summer I had to line up to get out of the place. RTD doesn't have many flyer buses during the winter but there's still plenty of fast convenient schedules for everyone. And not only that, they all leave from the new RTD/Greyhound Terminal.

"The oldest street in Los Angeles," that's what they call Olvera Street. You have to see it to believe it. It's a bit of Old Mexico situated in the heart of Los Angeles at Sunset and Los Angeles Streets. Easily reached by more than a dozen RTD lines directly, and many more by transfer. Make a point to visit the Plaza area that includes not only Olvera Street but also the birthplace of Los Angeles. RTD lines from San Fernando Valley, San Gabriel Valley, San Pedro and East Los Angeles make Olvera Street one of the most accessible fun spots in the county. Hasta La Vista, that represents my complete Spanish vocabulary.

Q. How often does the RTD Lines 101-102 run? It seems I always just miss one. TE.

A. These lines serving the South Bay and beach area are on an hourly headway. I'll send you a timetable so you won't have to wait.

Q. Is there any bus service to Ascot Speedway? I live in Lomita. J. L. H.

A. The Gardena Municipal Lines operate their 4 line very close to the Park. Also Torrance Municipal lines have service in that area. A call to both companies will fill you in with the details.

Q. It's been some years since I went to Catalina by boat. Do the steamers still leave from Wilmington and does the bus still stop in front of that big building where the ship was berthed? Mrs. P. Lynwood.

A. Things have a way of changing. Mrs. L., and steamship terminals are no exception. The Catalina steamer leaves from a new location in San Pedro. From Lynwood, take the 66 line on Long Beach Boulevard and it will take you to the new terminal under the Vincent Thomas Bridge in San Pedro. Bon Voyage.

Q. What bus goes to Los Angeles Harbor College? R. R. Redondo Beach.

A. Western Greyhound goes by the college on Pacific Coast Highway. Check with them for a schedule of the service. I understand they operate local service in that area.

Q. Please send me a timetable for the bus that goes from Redondo Beach to International Airport. Betty J.

A. I would be delighted to send you a line 51 timetable with your map.

Q. Where does the bus go that goes by Aviation High? I am a teacher and I will need to use a bus very soon. C. A.

A. The 103 line serves Redondo Beach and Hawthorne. I'll send you a timetable. Send your questions to transportation editor, Artie Dee, care of this newspaper. All questions will be answered in this column or by mail. A system map will be sent free to each person submitting a question—call 747-4486 for detailed information.
